

Meet the team helping Illinois schools go green!

Ecolab Inc.

CLEANER. SAFER. HEALTHIER.

About
Ecolab

At Ecolab, making the world a cleaner, safer place is our business. We are committed to providing our customers with the most effective and efficient cleaning, food safety and infection control programs available. Sustainability is inherent in our products and services. From concentrated, solid formulations to innovative packaging and dispensing methods, our products are designed to help increase safety, lower the use of water and energy, and reduce the chemicals and waste released to the environment. Strengthened by the expertise of our associates and combined with our dedication to social responsibility, these offerings provide value to our customers and the global economy – and help foster a more sustainable world.

About Green
Clean Illinois

The Green Clean Schools Act, effective May 9, 2008 in Illinois, requires schools to use cleaning products that protect health without harming the environment. It requires that certain cleaning products meet third-party certifications, and offers overall guidance for an effective green cleaning program.

The distributors and manufacturers who provide cleaning products to schools play a key role in protecting the health of children, teachers and staff by working with schools to design effective green cleaning programs. The organizations who have joined the Green Clean Illinois team have either attended a Green Clean Illinois workshop provided by Healthy School Campaign, ISSA and the Office of the Lt. Governor of Illinois or have provided information ensuring that they sell products and services that comply with requirements and/or recommendations of the Green Clean Guidelines for the State of Illinois.

Listing fees provided by companies are used to promote training, education and awareness of green cleaning programs by the Healthy School Campaign, ISSA and the Lt. Governor's Office. Listing on this web site does not constitute an endorsement or recommendation by the aforementioned groups.

Bathroom Cleaners

Illinois Green Clean Schools guidelines require that bathroom cleaners used in schools meet standards set by Green Seal, Environmental Choice, or U.S. EPA Design for the Environment.

Oasis 305G Bathroom Cleaner

Green Seal certified

Provides efficient removal of soap scum, light rust from toilet bowls, urinals and shower room walls, and floors. With its sodium citrate base, it is a proven hard water scale remover. GS-37 Certified

Oasis Pro™ 67G Bathroom Cleaner

Green Seal certified

Specially formulated to provide exceptional cleaning throughout your bathrooms. It efficiently removes soils from toilet bowls, urinals, shower walls and floors. GS-37 certified

Carpet Cleaners

Illinois Green Clean Schools guidelines require that carpet cleaners used in schools meet standards set by Green Seal, Environmental Choice, or U.S. EPA Design for the Environment.

Revitalize Perfusion Carpet & Upholstery Cleaner

California VOC

Dual-action chemistry eliminates the need for pre-spotting when used as an extraction cleaner. Also effective when used as a prespray or spotter. It's portable so that extractors may be filled on site without a dilution station. Not wool or wool-blend safe. Use with carpet extractors, pump-up sprayers and spray bottles.

Revitalize Carpet & Upholstery Extraction Cleaner

Green Seal certified

Superior extraction chemistry with excellent penetration, soil lifting and cleaning performance. Use on all carpet types and upholstery. Use with carpet extractors.

Revitalize Carpet & Upholstery Prespray Cleaner

Green Seal certified

Fast-drying and removes most types of grease and common soils. Use as a pretreatment spray on traffic lanes prior to extraction or shampooing, or as an effective spin bonnet cleaner for interim use. For all carpet types and upholstery. For use with pump-up sprayer or conventional spin bonnet machines. GS-37 Certified.

General Purpose Cleaners

Illinois Green Clean Schools guidelines require that general purpose cleaners used in schools meet standards set by Green Seal, Environmental Choice, or U.S. EPA Design for the Environment.

Full Court Wood Floor Cleaner (NPE-Free)

California VOC

This NPE-free all-purpose wood floor cleaner restores beauty in just minutes by quickly removing spills, dirt, mud and perspiration without harming the floor's finish. It works on any wood floor and is the perfect companion to Front Court.

Oasis 110G Neutral Floor Cleaner

Green Seal certified

Oasis 110G is a daily cleaner specially formulated to protect your floors, removing soap film, grease oil and other common soils. It is ideal for cleaning finished and unfinished marble, vinyl, tile and wood floors. GS-37 Certified

Oasis Pro™ 18G All-Purpose Concentrate

Green Seal certified

Non-caustic, non-corrosive, multi-purpose daily cleaner that uses a high level of surfactants. The mild alkaline formula can be used on multiple surfaces that require a medium-duty cleaner and light-duty degreaser. GS-37 certified

Oasis Pro™ 34G Neutral Floor Cleaner

Green Seal certified

A daily cleaner that is specially formulated to protect your floors, removing soap film, grease, oil and other common soils. It is ideal for cleaning finished and unfinished marble, vinyl, tile and wood floors. GS-37 certified

Ecolab Wash 'n Walk

Green Seal certified

Ecolab® Wash 'n Walk Floor Cleaner cuts through grease and dirt powerfully yet gently using enzymes. Wash 'n Walk requires no rinsing, conserving water, and cleans with cold water to help conserve energy.

Oasis 139G All Purpose Cleaner

Green Seal certified

Non-caustic, Non-corrosive, multipurpose daily cleaner that uses a high level of surfactants. The mild alkaline formula can be used on multiple surfaces that require a medium-duty cleaner and light duty degreaser. GS-37 certified

Glass, Window and Mirror Cleaners

Illinois Green Clean Schools guidelines require that glass, window and mirror cleaners used in schools meet standards set by Green Seal, Environmental Choice, or U.S. EPA Design for the Environment.

Oasis Pro™ 43G Glass Cleaner

Green Seal certified

This heavy duty formula removes the toughest soils, including smoke and grease films. It is ideal for streak-free, fast drying performance on windows, mirrors, glass, plastics, acrylics and painted surfaces. GS-37 certified

Oasis 258G Glass Cleaner

Green Seal certified

Versatile, heavy-duty glass cleaner that provides exceptional performance on a wide variety of hard surfaces. The streak-free formula dries quickly to leave a sparkling clean finish. GS-37 Certified

Hand Cleaners and Hand Soaps

Illinois Green Clean Schools guidelines require that hand cleaners and hand soaps used in schools meet standards set by Green Seal, Environmental Choice, or U.S. EPA Design for the Environment.

Ecolab does not currently offer any products that meet the Illinois standards in this category.

Paper

Illinois Green Clean Schools guidelines require that paper products used in schools meet standards set by Green Seal, Environmental Choice or the U.S. EPA Comprehensive Procurement Guidelines.

Ecolab does not currently offer any products that meet the Illinois standards in this category.

Recommended Products

The green cleaning guidelines include recommendations for products that go beyond the law's requirements. While the law requires that schools purchase and use green cleaning products in the previous six categories, it recommends (but does not require) that schools use green cleaning products and practices in a broad range of additional categories. The guidelines' authors explain that in addition to meeting the requirements, "schools may wish to implement a more comprehensive green cleaning program and are encouraged to do so." The following listings include the products provided by Ecolab that meet the guidelines' recommendations.

Recommendations

To learn more about the guiding principles behind the recommendations, please download the full guidelines, available online at www.GreenCleanIllinois.org.

Care Strip L.O.® Floor Finish Stripper

California VOC

Low-odor, fast-acting and low-foaming formula is effective on all hard/resilient floor types. Ideal for locations where odors would disrupt students or normal work schedules.

Front Court

California VOC

This one-part, water dispersed acrylic/polyurethane finish delivers quick drying times and crystal clear results. The self-leveling formula is ready for heavy use after just 48 hours. That means less sports floor downtime.

Phazer MonoStar

California VOC

Easy-to-apply, ultra high solids floor finish with excellent durability and gloss, superior leveling and low odor. Saves time and labor with fewer coats. Medium- to low burnishing frequency.

Phazer® Medium Frequency

California VOC

Versatile, high-gloss floor finish with excellent durability designed for medium- to low burnishing frequency.

Revitalize Spotting Kit

California VOC

Easy-to-use, lightweight spotting kit. Hang on cleaning carts for easy transportation. Kit includes: Revitalize Multi-Purpose Spotter, Beverage and Healthcare Spotter, Gum Remover, Revitalize Multi-Purpose Solvent Spotter and spotting guide. Use on all synthetic carpet types

Phazer® Mobile Floor Care System

Our Phazer® Mobile Floor Care System eliminates the mess and inefficiencies of the traditional mop and bucket system. With Phazer, the operator carries the floor finish in a comfortable, self contained carrier and uses an ergonomic flat mop. You'll realize significant savings in time, labor and product waste.

Ecolab Apex Dishwashing Detergents

California VOC

Ecolab® Apex machine detergents are part of the Apex warewashing program. Non-caustic, safe-to-touch products are dispensed using a state-of-the-art electronic control unit. The controller allows Ecolab service personnel to track dish machine efficiency and generate a report that foodservice management can use to monitor and control water and energy consumption.

Ecolab Apex Manual Detergent

California VOC

Ecolab® Apex Manual Detergent is part of the Apex warewashing program. The non-caustic, safe-to-touch product is easy on hands and has Ecolab's best grease cutting formula for cleaning pots and pans to reduce costly dishmachine use.

Ecolab Apex Presoak

California VOC

Ecolab® Apex presoak detergent is part of the Apex warewashing program. The non-caustic, safe-to-touch product is fortified with dual enzymes to safely loosen proteins and starches from flatware to reduce costly dishmachine use.

Ecolab Oasis 146 Multi-Quat Sanitizer

Unlike standard quat sanitizers, Ecolab® Oasis 146 Multi-Quat Sanitizer is EPA-registered as effective between 150-400 ppm, making it easier than ever to consistently dispense and maintain health department required levels of sanitizing solution. The closed-loop, metered dispensing system is engineered for non-employee contact with concentrated product.

Zinc Free Floor Finish

Green Seal certified

This floor finish delivers high gloss, excellent detergent resistance and tremendous soil resistance. GS-40 Certified

Zinc Free Finish Remover

Green Seal certified

This proprietary formula is pH neutral, has low VOCs, and is non-corrosive even in concentration form, making Zinc Free Finish Remover safe for floors and maintenance staff. GS-40 Certified

Formula 1

Green Seal certified

Revolutionary single-solution laundry system totally changes the entire wash process. Formula 1's low alkaline enzyme and surfactant chemistry cleans using only 1 hot water bath versus 3 for other average liquid systems. Fewer wash formula steps means less time, water and energy required per load. Lightweight capsules reduce packaging waste. Meets criterion 3.4.3 of GS-33

Detergent Oz Liquid Laundry Detergent

Green Seal certified

A concentrated, low-odor, pH sensitive surfactant blend. Use in conjunction with Builder Oz for best results. Meets criterion 3.4.3 of GS-33

FlexyLite G Detergent

Green Seal certified

Specially formulated for lightly soiled linens. Treats fabrics gently, promoting increased softness and longer life. It also adds a soft fragrance that leaves linens smelling fresh and clean. Meets criterion 3.4.3 of GS-33
