

HEALTHY SCHOOLS CAMPAIGN

20 YEARS

Change for Good

Celebrating Healthy Schools Campaign's 20th Anniversary

[Healthy Schools Campaign \(HSC\)](#) is dedicated to creating healthier school environments for children. We advocate for policies and practices that support health and learning, including nutritious school food, physical activity, comprehensive mental and physical health services, green schoolyards and clean air at school.

Based in Chicago, we work at the national and state levels to support strong health and education policy in schools. We focus on issues that disproportionately affect Black and Latinx students, and students from under-invested communities. We make equity central to the public dialogue about education and health.

This year marks HSC's 20th anniversary, and in those years, we have accomplished so much. From Space to Grow schoolyards opened at schools across Chicago, to major changes to federal policy in support of healthy schools and students, to the first national certification standard for healthy and sustainable school facilities management, to the elevation of parent voices and priorities in all aspects of our work—we are proud of our impact so far, and we are just getting started!

You're invited to be part of this positive change and celebrate 20 years of Healthy Schools Campaign by sponsoring Change for Good.

Wednesday, December 6
5:30pm to 7:30pm
190 S. LaSalle, 40th Floor
Chicago, Illinois

A Change for Good event will also take place virtually in 2024 for our national audience.
